

**Forest Home Cemetery Records 1890-1893
Oneida County
Rhineland, Wisconsin**

This information was taken from the first book when the cemetery started in 1890. The original book is in very fragile condition, and handwriting and spelling is bad. Every effort has been made to copy this information as it appears in the original, however in some cases it was impossible to determine what was written.

This information was entered into the book by year, starting with August 1890. Because there was no formal page numbering in the book, we did do an Index by Surname so you can do lookups by Surname, then go to the year in the transcribed information to find the details associated with that burial.

The Northwoods Genealogical Society and Rhineland District Library are in no way liable for the contents or accuracy of the information.
