

Dear Reader,

We hope you enjoy reading about your local history through this newsletter. We're pleased to share this history with you and we appreciate the financial support these subscriptions and memberships provide the BCA.

As memberships are a vital part of our financial support, we ask that you show this newsletter to your friends and relatives. Then let them know that they too may become a member/subscriber. **Or, give them a membership/subscription as a gift.** It is a unique gift which is very much appreciated by those who do now or formerly lived in the area.

**The BCA Board of Directors**

*The BCA receives no tax revenue support to provide this community service. It relies totally on the public for its support. This is done through membership /subscription dues, donations, fund raising activities and books sold through our own book store.*
